

Implications of Faster Technological Advancement and Biological Research on the Future of Science and Society

Article No.	Name / Authors	Page No.
Vol. 33 -1	Perception of Preparedness among Primiparous on Self-Care and Infant Care Before Discharge in a Private Hospital in Malaysia Kavitha Ramanathan, Shenbaga Sundaram Subramanian, Vijayamurugan Eswaramoorthi, Nalini Somasundaram, Vijaya Samundeeswari and Fadwa Alhalaiga	01-07
Vol. 33 -2	Image Retrieval Performance Tuning Using Optimization Algorithms Syed Qamrul Kazmi, Munindra Kumar Singh and Saurabh Pal	08-17
Vol. 33 -3	Monkeypox detection using hyper-parameter tuned based transferable CNN model V. Gokula Krishnan, B. S. Liya, S. Venkata Lakshmi, K. Sathyamoorthy and Sangeetha Ganesan	18-29
Vol. 33 -4	An exemplary computational approach to investigate lumpy skin disease in Indian cattle Deepak Kumar, Bhanu Sharma and Pooja Khurana	30-40
Vol. 33 -5	AGWO: Cost Aware Task Scheduling in Cloud Fog Environment Using Hybrid Metaheuristic Algorithm M. Santhosh Kumar & Ganesh Reddy Karri	41-56
Vol. 33 -6	An Efficient PV - Integrated UPQC System for Power Quality Enhancement Using Improved Chicken Swarm Optimization Rudraram Ramesh, Chinnathambi Sasi and Mani Manikandan	57-70
